Wednesday and Thursday:
Pauline Frederick in "Paid in Full."
Fri. and Sat. -- Next week: A. Cecil De Mille Special
"Old Wives For New," 25-35-50c.

Notes On The Fair

Mrs. Felton's non competitive exhibit of cantaloupes showed the true spirit of the fair, and created a vast amount of interest to visitors who hitherto were not aware that the fruit could be grown to such a pitch of perfection here.

It is whispered that Don Bark was quite pleased when he saw the size of Dave Douglas' huge pumpkins.

The Chinese man's prize collection of vegetables was as near perfection in its complete and choice variety as anything ever seen, and the beauty of it all is that John has sold better stuff every day than he was able to show.

Phil Robinson's sheaf of flax was the object of great envy and admiration "Equal to the finest ever seen in this country," was the opinion of the judge.

In the magnificent exhibit of the C.P.R. demonstration farms was a root of tomatoes bearing at least 50 shades of red, green, yellow, others ripening, and still more green. In addition we understand many fruit had been picked from the vine. We saw many farmers figuring how much more could be made from such industry than straight wheat.

How many people realized the significance of a little jar of home grown red currant jelly among the Gem district exhibit? There is where the future prosperity of irrigated lands lie in the development of intensive farming ideas, and now one has had the courage to start others will surely follow.

It was a great day for Makepeace; E. N. Martin, R. P. Robinson and others from that district capturing a heap of prizes.

Jas. Newman of Coates had

Makepeace

Born -- To Mr. and Mrs. Floyd A. son.

Threshing is in full swing in the vicinity of Makepeace. They are taking advantage of the good weather.

Mrs. A. A. Cliford of Hussar called on Mrs. A. A. Bestwick on Monday last.

The Government Telephone was installed at Makepeace Post Office last week.

Mrs. E. C. Martin has been on the sick list for several days.

A. A. Cliford, Hussar merchant, was in town on business last week.

Mr. and Mrs. Steve Baltz are back from a visit with relatives in New Jersey. They have been gone for several months.

Makepeace was well represented at the fair, at Bassano. Several farmers from Makepeace carried away the prizes on vegetables and grain.

Up to September 25th no frost of sufficient intensity to do harm to either grain or vegetables has been recorded for the district.

Conditions are ideal for fall plowing and breaking and most farmers who are not threshing are busily engaged preparing land for next year.

Some fine exhibits of vegetables which caused a number of very complimentary remarks from the judges.

D. J. Guyatt's dry farm exhibits of vegetables were very choice, especially so being his exhibit of tomatoes.

After all it was a very fine fair considering that it was our first and when criticism is offered it might be as well to ask the critics what they did to improve matters.

Undue Profits Will Spell Ruin

Toronto.—Speaking at the press conference, Mr. O'Connor, editor, said the object of his visit was to ascertain if a fair profit could be set for other commodities in addition to sugar, the exceeding of which would mean "tragedy to all."

They wanted to bring down the prices in such cases and then drive in rivets to keep them at that place. He prophesied that if this was not done, disaster would result, as there was a break of price in sugar which would mean ruin to the country. The object of the board was not only to bring down prices, but to hold them down.

A. C. Pyke, speaking for the wholesalers, said that his guild was quite willing to have an association of its business. The members would co-operate with the board, he said.

The same was said by Robert Dowson, the general secretary of the Retail Merchants' Association.

"We are going to put the rivets in and say the prices cannot go any higher, but we may have to maintain the prices of some goods," said Mr. O'Connor. "There is going to be a hard time coming soon when something is going to break. It is no good a woman paying 25 cents a dozen for eggs if her husband is going to be paid 10 cents a dozen for bread. But unless prices are brought down quickly there will be a big break."

Against Leaving Russia To Fate

Col. John Ward Warns Britain of Real Meaning of Evacuation of Territory

London.—Col. John Ward, Labor member of parliament for the constituency of East Ham, who has just returned from Russia, where he had rallied to the desertion of the Russian who had rallied to our standard will make our name stink in the nostrils of every German in Russia. "We went to Russia to prevent the Germans from transferring men to the western front," he declared. "Are we now to say to those who rallied round us, 'We are going, we are going? We will not leave you lack'?"

That, said Col. Ward, is unthinkable. It would be black treachery to leave them to face the enemy they have made for our sakes without anything more substantial than our goodwill.

British Monitor Was Not Raided
London.—It is declared in official quarters that there is no truth in the report that a German submarine, Feinern, on a recent raid had bound up a British monitor off Cork, overpowered the skeleton crew and raided the vessel. The report, printed in the Daily News, "added that the raiders had escaped with a quantity of rifles, munitions and valuable instruments."

Kolchak on Offensive.
Melbourne.—Premier Hughes, addressing a meeting of the National Executive Council, said that Germany had told the world that she was not a nation for war, a community for war. He said some people had spoken to him of trade relations with Germany. If they wanted trade relations w.—Germany, they must be prepared to abandon prisoners and important booty.

Peace Treaty Is Signed By Austria

St. German.—Austria's signature to the peace treaty and the departure of Dr. Karl Renner, the Austrian Chancellor and head of the peace delegation, for Vienna in an endeavor to brace up the unstable government in that country, were the chief relied on conference circles, where there has been great uneasiness lest the Vienna government should fall before the completion of the treaty.

The Bulgarian treaty probably will be signed at Berlin on Sept. 12 at a French luncheon (Coint), where arrangements have been made for an informal ceremony, the Bulgarians having expressed a desire to be present.

Possibly 21 days will be granted the Bulgarians to make observations on the treaty, and it is expected that the conference will take a short vacation while the Bulgarians have it arranged.

The Renner's cheerful acceptance of the treaty which he had frankly

Will Paralyze Steel Industry

Great Strike Is Declared Despite An Appeal From President Wilson's Son to Wait

Washington.—Regardless of the request of President Wilson that they take no action pending the arrival of the Senate, the steel workers of the country, numbering 200,000, voted to strike, effective Sept. 22, to compel recognition of their union, and if the principle of collective bargaining by the United States Steel Corporation.

The executive council of the 24 unions representing all the workers made known their decision in an announcement issued after they had requested the President to postpone the strike for "a definite time." It was as to the possibility of arranging a conference with steel corporation officials, and after they had received a reply from the President, asking them to wait, an action was taken after the industrial conference.

Aliens In Canada

W. D. Eales Will Enquire How Many Are Still Interred

OTTAWA.—The question of interred aliens is to be brought to the notice of the House of Commons by W. D. Eales, North Waterloo, who has given notice to the government that many aliens enemies are still interred in Canada, how many were interred after the signing of the armistice, and what reparation or repatriation may be expected.

Mr. Eales also is a British subject being a naturalized citizen of New Zealand, of German birth, may be interred in Canada, or he may be interred in Germany.

40,000 Wage Increases
Winnipeg.—Although no official statement will be made until the end of the week, it was learned from an authoritative source that a wage increase of approximately \$40,000 will be made by the Winnipeg Electric Railway, according to a decision reached by the Mathers board, which recently sat to investigate the conduct of the railway. The increase may be made retroactive, it is stated. The increase will affect carmen, conductors, motormen, trackmen, repairmen and inspectors.

Control Gold Storage
Washington.—The first of the high cost of living law proposed by President Wilson took form when the emergency committee issued an order of five days ago to all national cold storage. All containers used when placed in storage would be stamped "cold storage food" and the dates upon which they entered and left storage would be stamped.

Against Trade With Germany

Melbourne.—Premier Hughes, addressing a meeting of the National Executive Council, said that Germany had told the world that she was not a nation for war, a community for war.

He said some people had spoken to him of trade relations with Germany. If they wanted trade relations w.—Germany, they must be prepared to abandon prisoners and important booty.

Kolchak on Offensive.

London.—Winston Spencer Churchill, Secretary of State for War, in a statement just issued denied that the British had passed over that section. Three hundred and twenty frame buildings practically were razed, many church edifices wrecked and five retail stores wiped out. The total loss is estimated at more than \$2,000,000.

Shipping off the coast met with disaster. Several small vessels were sunk and others were driven on to the reefs. The strong wind and rough sea presented a terrible scene.

In the little town of Cozumel, near Miami, eight buildings were totally destroyed and 13 partially demolished.

Although the property damage was estimated at \$100,000, it was reported.

The steamer Grampus, with a crew of 125 men, was sunk in Key West harbor, and the two-masted schooner, the S. S. S. S. was driven from Tampico for Cuba, with a crew of seven men, was reported sunk of Key West harbor, where she had put in to escape the storm. Whether or not the crews escaped is not known.

The most recent storm was out of commission. Fruit and vegetable growers suffered the heaviest losses, the damage around Miami being estimated at half a million dollars.

A. E. Maurer Manager

Local and Personal.

H. Nock was a visitor to Calgary over the week-end.

Ed. Parcell was a visitor to the big fair last week.

Born—To Mr. and Mrs. Harvey Smith on Tuesday September 24th, a son.

Mrs. E. R. Muir entertained on Wednesday afternoon in honor of Mrs. Boyd.

Mr and Mrs. Jack Ogilvie are enjoying a short vacation at Banff and Calgary.

Editor Nesbitt and several fellow masons from Brooks were guests at a wide open Monte Carlo night given by the local brethren.

Rev. T. S. Paton is now on his way to Bassano having landed at Montreal on Monday. He is expected to arrive here on Friday.

Fergy Stone was a visitor to town last week-end. He looks just as young as ever and assures us that his thirtieth, if anything, more congenial than formerly.

Bill Fortier received a visit from his brother this week. He is an accomplished musician and has put a lot of jazz into the music at the Gem since his arrival.

Miss Goodale begs to announce that she is now prepared to make up new fall and winter dresses for ladies who desire same. Remodeling a specialty.

Mrs. J. L. Torgau received a wire this week covering the sad news of her mother's sudden death. The Gem Theatre was closed in respect of the deceased lady's memory for two nights.

One of the Gem Farmers who was somewhat disappointed with the poor representation he received by his district at the fair said that if he seed fair was held he would be willing to sell his farm that Gem would take 90% of the "prizes." Perhaps our dry farmers may have something to say about this statement.

Extra players are needed for the band. Here's a chance for someone to get back at his neighbours.

A splendid specimen of potatoes grown at the power plant by Mr. Yerex was brought to the Mail Office this week. The tubers were taken from one hill and weighed over ten pounds.

Hang on to your Nickles boys, for there's another Victory Loan coming and every nickel will help to stabilize industry and very materially assist to straighten out some of Canada's problems.

Bishop Pinckham has definitely promised that he will fill the vacancy at the Anglican Church very shortly, and is also arranging to hold service at the church on the first Sunday in October.

Miss MacGregor, Field Secretary of the Women's Misionary Society, will address a meeting in the Presbyterian Church on Friday evening the 26th at 8 p.m. A large attendance of the members is requested.

Hearts of Humanity will be at the Gem next Tuesday is considered one of the greatest super films, equaling if not exceeding the great Griffith productions; and is also a Canadian production from start to finish.

Notice is given, in accordance with the provisions of The School Ordinance in that behalf, that, by order of the Minister of Education, the following lands, namely: Sections 11, 12, 13, 14, 23, 24, 25, 26 and the north halves of Sections 1 and 2 in Township 18 Range 18 Sections 5, 6, 9, 16, 17, 18, 19, 20, 21, 22, 23 and 30 and the south halves of Sections 5, 6 and 7 in Township 19 Range 17 west of the Fourth Meridian, have been erected into a School District under the name of The Burn Brae School District No. 3683 of the Province of Alberta. Senior Trustee: H. P. Ferguson, Bassano.

E. EVANS & SON
